Help using Interactive Mapping

Note about Pop-Ups: If you would like to print a map, you need to turn off your pop-up blocker before entering West Linn's Interactive Mapping. How to turn off pop-up blockers

Disclaimer: This product is for informational purposes and may not have been prepared for, or be suitable for legal, engineering, or surveying purposes. Users of this information should review or consult the primary data and information sources to ascertain the usability of the information.

Wetland Map Disclaimer: Information shown on this map is for planning purposes only and wetland information is subject to change. There may be unmapped wetlands subject to regulation and all wetland boundary mapping is approximate. In all cases, actual field conditions determine wetland boundaries. You are advised to contact the Oregon Division of State Lands and the U.S. Army Corps of Engineers with any regulatory questions.

Information about West Linn's Geographic Database: The information used in this application was derived from digital databases from the West Linn GIS. Although we strive to provide the best data we can, we sometimes use data developed by sources outside West Linn. Therefore, West Linn cannot accept any responsibility for any errors, omissions, or positional accuracy, and therefore, there are no warranties which accompany this product. Although information from Land Surveys may have been used in the creation of this product, in no way does this product represent or constitute a Land Survey. Users of the information displayed in this map service are strongly cautioned

to verify all information before making any decisions.

Application Source:
West Linn Interactive Mapping was developed and is maintained by West Linn GIS staff and is powered by ESRI's ArcGIS Server technology.
